

How to Modify a User Password

1. Select Admin, Users and the User you wish to modify.
2. Under the Details Tab, input the new Password
3. Save.

The screenshot shows the Fleet Freedom web application. On the left sidebar, under the 'Admin' section, the 'Users' option is highlighted with a red arrow. The main content area shows the 'Details' tab for a user named 'ABC Limited'. A red arrow points to the 'New Password' field. Another red arrow points to the 'Save' button at the bottom right of the form. The form includes fields for Login (abc@yahoo.com), Nickname (ABC Limited), New Password (masked with dots), Confirm Password (masked with dots), Enabled (checked), Password Expired (unchecked), and Contact (Bill Smith). The 'Preferences' section shows Distance (Metric), Volume (Metric), and Date Format (ddd MMM d, yyyy).

New passwords must follow the Company's password policy. If a password does not meet the policy, any changes will not save successfully.

If you need assistance with your Account, please contact one of our Customer Service Representatives.
